QR: No longer a gimmick?

By: Jacob M. Larsen 16.02.2012 14:12 | Media

BERLINGSKE BUSINESS

The number of scanned QR codes continues to grow dramatically; at present, most of the scanning is carried out on food packaging. This is just one indication of the size and span of the growing QR code market, mobile experts estimate. During the fourth quarter of last year alone, the total number of mobile advertising or QR codes scanned exceeded that of 2009 and 2010 combined.

Marketing 3.0
